

FRENCH PLANES BOMBARD BOULGAR STAFF HEADQUARTERS Huns Renew Verdun Assault—Premier's Conscription Statement Delayed

CONCENTRATED ATTACKS UPON VERDUN DEFENCES

Germans Making Assaults On Different Points in Line.

British Forced Back On One Bank of Tigris.

(By Times Special Cable.)
Paris, April 18.—After six days' rest, while effectives were made up and stocks of ammunition replenished, the Germans have again begun concentrated attacks upon different points of the French defences at Verdun. The first point selected was the one-mile section between the Meuse and Douaumont, which forms a salient that seriously impedes the enemy. It includes the famous Pepper Hill. Approaches to this position are further enfiladed by the French batteries on the west bank of the Meuse, and it was with the view to facilitating operations against the salient that the Germans made their recent offensive against Cumières and Dead Man Hill. That having failed, they now are trying the effect of direct wearing tactics, employing dense masses of infantry in small spaces, but so far with little success. The net result of their efforts has been the gain of a small salient west of Douaumont which, the French claim, is unimportant.

REVERSE IN MESOPOTAMIA.

London, April 18, 1.30 p.m.—British lines on the south bank of the Tigris in Mesopotamia have been forced back by the Turks for a distance in some places of from 500 yards to 800 yards, says an official statement given out today by the official press bureau.

The text of the official statement says:

"Lieut. General Sir Percy Lake (commander of the British forces in Mesopotamia) reports that on the night of April 17-18, a series of heavy counter-attacks were delivered on the right (south) bank of the Tigris. Our lines were in places forced back some 500 to 800 yards."

SIR SAM HUGHES WILL MAKE STATEMENT THIS AFTERNOON

War Minister to Reply to Mr. Kye's Charges—May be Temporarily Relieved of Duties.

(By Times Special Cable.)
Ottawa, Ont., April 18.—Major-General Sir Sam Hughes, the Minister of Militia, will make his promised statement to the House of Commons this afternoon, in reply to the face charges of G. W. Kye, of Richmond, N. S. The appearance of Sir Sam in the House is most eagerly awaited here, and a large crowd, much larger than the temporary Parliament building will hold, will be on hand to greet and surround him. This is evidenced by the demand for passes to the House.

The suggestion that Sir Sam may ask to be temporarily relieved of the actual charge of his department, the Militia, is being taken into consideration by the House of Commons this morning, despite the fact, and it is hinted that an announcement along these lines may be made by the Prime Minister this afternoon.

FRANCE MUST DO STILL MORE IF HUNS ARE TO BE BEATEN

Munitions Minister Warns of Need for Greater Effort—The Workers Warmly Praised.

(By Times Special Cable.)
Paris, April 18.—A warning that France must make still greater efforts was given by Albert Thomas, the Munitions Minister, in an address yesterday at the Creusot works. Mr. Thomas praised the efforts of the workers, and continued:

"But these efforts, great as they are, are still insufficient. The enemy had a considerable advantage over us, which we have not yet regained. We are to-day well provided with munitions, but you know how the enemy, with his methodical, disciplined organization, has constantly increased his strength."

"It is your task to continue, to surpass our production, and with the help of our Allies to equal the efforts of the marching, sleepless army."

M. Thomas also praised the industrial organizations which, before the war, were at strife with the state, for the present union of effort and organization which the most successful among these lines may be made by the Prime Minister this afternoon.

COL. McINNES Duties of Former Hamilton Man Explained in House.

Some unknown reason many persons have been asked in the House at Ottawa regarding the salary, duties and qualifications of Lieut.-Col. McInnes, son of the late Senator McInnes of this city, who was recently appointed assistant adjutant general of British headquarters at the capital.

On April 17, G. Wallace, of Centre Street, asked some of these questions in the House, and was told that the salary of the assistant adjutant general was \$2,500 a year. He was a captain in the field officers' certificate and was now a brevet lieutenant. He had been on active service in France, but not overseas, and was

BRUTAL HUNS LOST WEAPONS

(By Times Special Cable.)
London, April 18.—(New York World cable)—The Paris correspondent of the Morning Post says that on one occasion recently the Germans started to bring up their flame-throwing machines opposite a Paris regiment. A sergeant shouted that he would be damned if he would be burned up "by those—those—those," and before anyone had time to think the matter over, the entire company had charged with the bayonet, scattered the Germans, and captured their apparatus.

GEN. PERSHING WAS FIRED ON

Mexicans in Ambush Tried to Kill U. S. Leader.

Hope That Villa is Dead Now Abandoned.

(By Times Special Cable.)
Columbus, N. M., April 18.—A motor train, carrying General Pershing, commander of the expeditionary forces, together with his escort, was fired upon during a drive made from the night from Satero to the wireless station at Nampiqua, according to reports received here.

According to the reports, General Pershing was in his way to Nampiqua to attend to the sending of detailed dispatches concerning the engagement at Satero, when a secondary ambush near Providencia opened fire on the cars. There were only five privates and two machine guns when the Americans returned late fire. None of the Mexican bullets took effect, but the reports are that the Mexicans were killed.

In some quarters here the opinion is expressed that the pursuit of Villa is the greatest mistake of the expedition, and that the prime problem is the concentration of our forces in the United States.

U. S. FORCES CONCENTRATING.
El Paso, Texas, April 18.—Reports were received here today from Mexico that the American advance detachments had been recalled by General Pershing, and that the expeditionary force was being concentrated in three places, a strong detachment being sent near Nampiqua, and a third division at Colonia Dublan.

"Huns" reports also stated that the Paria fighting had a most unfortunate effect on the people of Mexico, and had greatly inflamed the anti-American feeling.

The failure of the Mexican officials here and in Juarez to obtain any confirmation in two days of the reported discovery of the body of Villa has almost extinguished hopes here that the report being true.

WATCH FOR SYD.

Wagstaff Employees Presented Him With a Watch.

Sydney Labington, of Wagstaff's Limited, has joined the One Hundred and Seventy-Third Canadian Highlanders for overseas service. Last evening his fellow-employees at Wagstaff's called him aside, and after whispering a few nice things in his ear, buckled a fine military wrist watch on him. Sydney is a good fellow, and his friends know will make a good soldier, and expressed the hope that he would return with honors and without scars.

CONTROLLERS AGITATED BY ROAD SCHEME

Opposed to Legislation Forcing City to Pay \$20,000 to Highway.

MAYOR FIGHTS RISE

So Has Delay Made in Move to Give Walter Anjer \$25.

"The provincial authorities are perpetrating a gross injustice to Hamilton," vigorously asserted Vice-Chairman Morris, of the Board of Control, when he and his colleagues gathered this morning at the city hall in regular session. The remark was apropos of the intention from Toronto of legislation forcing Hamilton to pay \$20,000 additional to the highway scheme, despite the attitude of the Controllers that they would not contribute another cent unless either a four per cent. grade by the Valley Inn was made or an amount equal to the cost of making such a grade donated to the construction of a steel bridge.

The Controllers were to have been in Toronto today, fighting the proposed legislation, but received a wire from there that the committee would not deal with the matter until tomorrow. Early in the morning the four Controllers will leave for Hamilton's representation.

Vice-Chairman Morris pointed out to his colleagues to-day that both W. D. Pratt, the real originator of the road, and Reeve Eberly were authorities for the statement that the cost of the road was \$20,000. The cost of the Hamilton end, although the sum was averaged along the entire highway, was \$10,000. The cost of the road was \$20,000, whether we are willing or not. The cost of the road was \$20,000, whether we are willing or not. The cost of the road was \$20,000, whether we are willing or not.

JOHN CONNERS.

The 173rd Canadian Highlanders' first recruit yesterday was John Conners, 23 years old, who came from the United States Saturday with the express intention of enlisting. He was born in Scotland and has lived in the States for the last 22 years. One cousin was killed a short time ago in France; another served throughout the Dardanelles campaign; a nephew is in the Argyle and Sutherland Highlanders.

NEARLY KILLED

Former G. T. R. Detective Here in an Accident.

Robert Darroch, formerly G. T. R. detective in this city, narrowly escaped death this morning near Trenton, when a fast freight jumped the tracks at the railway bridge crossing of the Trenton River. The heavy mogul crashed into a shanty in which Darroch and Charles Gaispilla were quartered, the latter a stationman of the Trenton River.

The shanty was about thirty feet high and was built on a pile of lumber. Darroch was seriously injured, also suffering considerably from the effect of being in the water. Darroch resides in this city for a number of years and was later transferred to Montreal and then to Trenton.

TO STEAL FURS

Thieves Accidentally Set Fire to a Boat House.

Thieves bent on stealing a number of valuable mink pelts forced the lock on the door of David Reynolds' boat house, located at the canal basin in Dundas, last night, and, in looking for the furs, accidentally set fire to the structure. Fortunately Ernest Jarvis, of Hamilton, night operator at the Hydro switching station, noticed the flame and gave the alarm. Considerable damage was done. All absolutely removed the pelts in question only yesterday, and the thieves were foiled.

MADE SYRUP AND SUGAR.

Our second shipment of eastern treasury maple syrup and sugar arrived yesterday. See the display in our west window. All absolutely pure, and all of the finest quality. Many have friends and relatives at the front who would be delighted to receive maple syrup and maple syrup from home.

HOLDING THREE MEN

Three men were rounded up by the local police yesterday and lodged in the city hall. The men were identified by the officials of the Guelph prison farm as being connected with the local police believe them to be the same men who were arrested by the late Mrs. Hynes and who were taken to the city hall by Clyde, of Ottawa, and Angus O'Hanley, of this city.

CABINET NOT AGREED ON CONSCRIPTION PROBLEMS

Premier Asquith Postpones His Statement on Recruiting Question.

Delay Taken to Indicate Friction Among the Ministers.

(By Times Special Cable.)
London, April 18, 12.20 p.m.—Premier Asquith will not make his expected statement to the House of Commons on the recruiting question to-day, according to an official announcement made at 12 Downing street. The postponement of Premier Asquith's statement on the recruiting question which he had promised to make in the House of Commons this afternoon, was taken as an indication that the Cabinet Ministers were unable to reach an agreement on this subject, which has brought about the most serious crisis which the Prime Minister had had to meet in his eight years as the head of the Government.

The decision came as a complete surprise to those not within the "inner circle," but it later transpired that negotiations had been in progress in the course of the night and early this morning with that end in view.

Besides the Cabinet, there was a conference of the special committee appointed to make a final effort to bring about a solution of the problem, but, just like that of the Cabinet, it was unable to reach an agreement, and a postponement of the Premier's statement became imperative unless an immediate break-up of the coalition was to be faced.

The special committee consisted of David Lloyd George, the Minister of Munitions, who, putting all his old principles behind him, has come out strongly for compulsory service for all men of military age; Field Marshal Earl Kitchener, Secretary for War, who also favors conscription; General Sir Wm. Robertson, who is expected to follow the course of his chief; Walter Hume Long, President of the Local Government Board, representing the Unionist members in the Cabinet; and Arthur Henderson, President of the Board of Education, who, like the Labor party, is opposed to any further extension of conscription.

Premier Asquith is expected to explain in the House of Commons the reasons for the postponement of his statement, and he will be asked when the Government's decision will be communicated to the members of Parliament. Upon his answer will depend whether Sir Edward Carson will move his resolution, demanding service for all men of military age.

London, April 18.—In the British air attack on Constantinople Friday evening two bombs dropped by the raiders burst in the War Ministry, according to a report from Stamboul forwarded by the Athens correspondent of the Exchange Telegraph Company.

The despatch adds that another bomb burst in the powder magazine of the War Ministry, which blew up. There were numerous casualties.

GEO. GIMBLETT

Former Fireman Tells of Operation On Geo. Snider.

Gunner George Gimblett, of the 21st Artillery, 8th Brigade, C. F. A., a former well-known member of the local fire department, in an interesting letter, stated that Gunner George Snider, who was buried at sea on the voyage over to England, was operated on by surgeons about the McGeorge, but never rallied after the operation, and died the next day.

George says that the cigarettes and tobacco which the men got are of an inferior brand, in fact nothing else is available even in the stores. He says the men are badly in need of some sports goods, including baseballs, bats, footballs, gloves, etc. Those which the unit had came have been worn out, and the boys would be deeply grateful if some of the local sporting organizations would see that their equipment is renewed in this respect.

He was up to "Lannon" for art a fortnight and spent a delightful time on the Strand and Medford.

NEW COMPANY

To Develop the Byrns Ship Raising Invention.

Colonel Wm. H. Goff, Fred W. Littlewood and Charles M. Cokille, all of this city, have been incorporated under the provincial laws as the Byrns Ship Raising Company, Limited, capital \$40,000. The company will develop the Byrns patent for raising submerged boats and carrying them to the surface.

A charter has also been granted to Reginald H. Farmer, Arthur J. Thomson, W. S. Morlock, and others of Toronto, as the Burlington Metals Company, Limited, to do business in Hamilton; capital, \$100,000.

The Ontario Gazette announces that the Byrns Ship Raising Company, Limited, this city, has changed its corporate name to P. B. Bates Machine Company, Limited.

FINE DONATION

Paymaster Furnishes Money for Pipes for the Kitties.

Major James Chisholm is a real patriot. In addition to being paymaster of the 12th Highland Battalion, and working eighteen hours a day, he takes a genuine interest in the welfare of the unit to which he is attached. This morning he sent his cheque for \$100 to Lieut.-Col. W. H. Bruce towards defraying the cost of the purchase of pipes for the pipe band.

"It is a generous contribution, and I am deeply grateful for it," said Col. Bruce to-day.

THE PASSOVER.

Last evening the Feast of the Passover began. It is the second longest holiday on the Jewish calendar, and is strictly observed. Services were held at the synagogue by Rabbi Minkin. The last two days are the most strictly observed. The name Passover is taken from the fact that the Destroying Angel passed over the homes of the Israelites and destroyed the first-born of the Egyptians.

SKELTON'S UNCLOSED AFTER YEARS

Geo. Haven, Jun., Said to Have Been Taken From St. Mary's Orphanage.

SUIT OVER \$325,000

Of Man Who Lived in Hamilton Half a Century Ago.

(Special to the Times.)

Chicago, April 15.—"Ghastly skeletons" have become the "family leaders" in the controversy among relatives of the late George B. Haven over the latter's \$325,000 estate.

New "skeltons," or missing parts of others heretofore unclosed, were revealed to-day as the result of the filing of several depositions in the Circuit court.

The depositions were taken in Canada. Those who depose are relatives of the Chicago real estate operator, and a woman in charge of an orphanage where the late George B. Haven was born.

It was in 1855, when George B. Haven, Jun., was not his son, but was taken from St. Mary's orphanage at Hamilton, Ontario, more than fifty years ago.

Skeleton No. 1 was uncovered when George B. Haven, Jun., filed a suit in the Circuit court to set the will of his supposed father aside. Two others when he filed a bill to have the widow of his father removed as trustee of his estate and a trust of extensive real estate in her name declared. ACTION OF A PLAYER-PIANO.

A Big Difference Between Wood and Aluminum Actions.

Almost every owner of a wooden action player-piano has noticed how uneven the pedalling is; how sometimes there seems to be no resistance to the foot pressure. This is caused by the air leakage in the valves. Being subject to heat and cold and dampness, the sections of the wooden valves will swell or shrink, causing cracks and consequent air leakage and lack of volume. The Aluminum action Player-piano made by Geo. Old Firm of Hamilton & Co. Ltd. overcomes these troubles. In this player, each valve is cast in one piece of aluminum alloy, and is so constructed that the valve cannot shrink, or swell, the valve cannot leak under any conditions, ensuring an absolutely true and permanent volume. Demonstrations of this instrument may be had at the firm's warehouses at any time. Heintzman Ltd., King and John streets.

ROBERSON'S TRAVELOGUE WONDERFUL

Delighted a Large Gathering at the Alexandra Rink Last Night.

ENGLAND AT WAR

Was the First of His Hamilton Series of Picture Travels.

A gifted narrator of most pleasing address, Frank R. Roberson, world renowned travelogue, provided two hours of delightful and instructive entertainment to a large audience which filled the Alexandra Rink to capacity last night.

It was Mr. Roberson's initial appearance before a local audience, and he made a most favorable impression, commencing, as he did, by his topic of "The History of England as seen in its pictures." With a series of moving pictures and colored photographs a realistic touch was given to the lecture, which otherwise could not have made itself felt were it not for the witchery of the camera. The last-mentioned picture was a most striking and dramatic one, showing the destruction of the city of London by the German air force.

The 10-year-old daughter of W. E. Spence, a well-known local resident, was seriously injured at the Alexandra Rink when she was knocked down and run over by a motor car.

Two brothers, Gordon and Allan Standing, of the Hamilton Police Force, were killed in a motor car accident at the Alexandra Rink last night.

Premier T. J. Ryan, of Queensland, Australia, arrived at San Francisco on his way to London on a mission "to bring back peace to the world."

Rev. Canon Thomas Wesley Powell, rector of Holy Trinity Church, Yonge Street, Toronto, died at Philadelphia, Pa., of a heart attack.

The body of Joseph Purdie, an accountant, of Fredericton, N. B., was found this morning in the St. John River. The body was found in the river, and the cause of death was not known.

The London Daily Mail says the French have captured the submarine, together with her commander, who was killed. The submarine was captured in the English Channel, and the cause of death was not known.

Jamieson, in his last two starts, has had Corkery to put up with, and on one occasion he was forced to run on account of a sore throat. In the race held in Toronto on the 10th inst. Corkery took the lead and won by a wide margin, and Jamieson followed him closely. Jamieson has been looking after himself for the past few years. Corkery is also a good boy, and there are many race followers in this city who expect him to best Jamieson in the Boston race on account of his two previous victories over the Indian. Here is the record of Corkery in the Boston race to be run to-morrow in a Toronto race. He is 26 years of age, and started running about seven years ago, when the Irish-Canadian was in full swing. His first victory of any account was in an I.C.A.C. ten mile handicap event in the summer of 1908. He won a five-mile race in 1909, and a three-mile race in 1910. Sport and Comment

A large number of Hamiltonians will take the trip to Toronto to-morrow night to see the light heavyweight champion in action against Fitzgerald, but Lecky is not the real drawing card. The local fans are going down for the purpose of seeing Scott in action against Young Mario, of New York. This Mario boy is, according to advance notices, one of the coming lightweights. He is a local fighter, and is anxious to see just what kind of a showing Scott can make against him.

The fight that Hamilton fans are waiting anxiously for will be a state one, and it will be in Buffalo, when Scott will tackle Johnny O'Leary for the Canadian lightweight championship. O'Leary, according to those who have seen him in action is the best bit better than Scott, but has not the punch, and they think that should Pete get in some of the haymakers that he landed on Young here on Friday night last he will have the winning blow about as sure as the sun.

The Boston Marathon will be run to-morrow and this year there are only a few Canadian entries, but those who are entered are well known to make one grand showing. Arthur Jamieson of this city, but now with the 11th Battalion at Okavene, and Jimmy Corkery, of Toronto, are both entered and elected by Boston critics to be the main attraction of the Saturday's form, and it is presumed, he should just about set a new record.

The City League officials will gather at Dixon's sporting goods store to-morrow evening to decide on the date for the big parade they intend holding on opening day, Saturday, April 23. The committee appointed the last

TIGER BATTALION GETS PROMISING YOUNG ATHLETE

Harold A. Parker is another athlete to join the Two Hundred and Fifth Sportsmen's Battalion. Although Pte. Parker is only 19 years of age, he has taken a prominent part in several branches of sport and is a promising young lad. For several years he has played cricket for the Port Arthur club and played football for St. John's Church in the Sunday School League. Parker is also a promising long-distance runner, having already made the Hamilton Marathon and run the second in the Hamilton Herald race to the late Jimmy Duffy when Duffy established the record for the distance. Corkery was out of the running race for over two years, but like every other athlete in the world, he came back in the game in time to win the Boston race on Thanksgiving Day, 1915, and was an easy winner in Canada's oldest distance race.

"FITZ" WILL BE ALLOWED TO CROSS BORDER

Hobart Officials Fix It With U. S. State.

Geneva, N. Y., April 17.—Aging President Duffie, of Hobart College, has received a telegram from Washington to the effect that the State Department has wired the Immigration Department at Niagara Falls to release Coach Fitzgerald, of the Hobart lacrosse team, and allow him to come into this country. Fitzgerald, who has signed a contract to coach lacrosse at Hobart, but was denied entrance to the United States on account of a clause in the Immigration law which prohibits labor from entering this country on contract.

Hobart's lacrosse practice began some time ago in preparation for the game with Cornell next Saturday, and considerable indignation has been aroused by the action of the Immigration Department in holding up Fitzgerald, which will mean a handicap for Hobart when she meets Cornell.

McFarland Gets Big Offer to Meet Winner of Lewis-Britton Bout

Packey Will Get \$10,000 For 20-Round Battle—Moran and Dillon Matched--Other Fight Gossip.

Milwaukee, Wis., April 17.—Tom Andrews, local fight promoter, was authorized by Dominick Tortorich, of New Orleans, La., to make Packey McFarland a flat offer of \$10,000 to meet the winner of the Kid Lewis-Jack Britton welterweight bout, which will be held in the Crescent City, April 24. Tortorich wants the McFarland bout for May or June, and over the twenty round route. Tortorich also told Andrews to feel out the Chicago battle regarding another fight with Mike Gibbons over the Marathon distance.

New York, April 17.—Frank Moran and Jack Dillon are practically matched for a ten round bout here the last week in April. A club has offered \$25,000 of the bout, guaranteeing Moran \$17,500 and Dillon \$7,500. Moran is in full swing, and as it is the largest guarantee Dillon has ever been offered, it looks like plain sailing. Fred Putton, who is to box Al Ketch, has been denied the privilege of giving exhibitions with colored sporting partners in his training bouts.

Baltimore, Md., April 15.—After fifteen rounds of rather uneventful mulling (night-hammer Miller was awarded a decision over Knockout Brennan, of Buffalo. Some of the spectators did not agree with Referee Jeffries' ruling, thinking a draw would have been better, but the local boy had a shade on his opponent. This morning's fight was won by landing cleaner and harder blows. It is true that Brennan was not badly hurt, but he was unable to land on Herman until he got in close and close. He heeled, eluded around the referee and did all that was within him to weaken the Baltimorean. At long range boxing Miller landed three blows to Brennan's one and Brennan was unable to return a blow to the body. These gave him the edge, and to doubt caused the arbiter to decide in favor of Miller. The fight was the better Herman looked. Toward the end his blows were reaching home quite frequently and were something behind him.

SIXTEEN YEAR OLD HORSE HAS GRAND RECORD

Budweiser Has Been Raising Since 1902

New York, April 17.—Possibly no better demonstration of the value of the thoroughbred from the standpoint of stability, speed and endurance can be given than that of the horse owned by the old horse Budweiser, which has now reached his sixteenth year, and yet is racing as creditably to-day as he did as a young horse. He was foaled in the year 1900 and began his racing career in the year 1902. He has won more than twenty races, and has been victorious in every one of them.
